

jetscan

never jet blind

underground
understood

Whether deciding what tool to use, verifying proper cleaning, or determining whether additional inspection is needed—JetScan is the quick, easy way to see what you're jetting. This video nozzle is affordable enough to put on every cleaning truck, yet quickly captures valuable HD footage of pipe that can be viewed moments later on a PC or tablet.

JetScan
(with rollers)
for 15-24"

JetScan
for 8-15"

JetScan Mini
for 6-10"

See it in action at <http://bit.ly/VSykc9>

Attach to any jetter.

Capture HD video with self-leveling, illuminated camera.

Record 8 hours of MPEG video footage to SD or SDHC card.

View footage on any SD- or SDHC-compatible tablet or PC.

1 start recording

Press the record button on the camera. It will flash to indicate recording.

2 inspect pipe

Capture footage as JetScan advances through the pipe.

3 review footage

After inspection, stop recording and eject the memory card to view footage on a tablet or PC.
